Available Positions

Lightning Protection Installer

This position is for lightning protection field installation technician. Training in developing knowledge of the nationally recognized standards governing the lightning protection industry, reading blue prints and installation drawings with hands on installation training in the field.

Full-Time

Compensation: Based on experience

Education: Some high school, able to read, write and have basic math skills.

Skills: Ability to follow instructions and use hand tools, common construction equipment.

Physical: Full body positions, standing, walking, sitting and stooping or bending.

Able to lift and carry 50lbs to 100lbs on a routine basis.

Working Conditions: Working outside with full exposure to the elements. Requires overnight and some weekly travel to project work sites. You must feel comfortable working on ladders, lifts, high rise and pitched roofs to qualify for this position.

We have mandatory safety requirements for our installation processes. A current, valid driver's license is required. We run a criminal background check and drug screen as part of hiring process.

We are an EEO employer with full medical benefits after 90 days and a company matching 401K program.

Apply in person, ONLY.
